

**The Ultimate In Versatility and Space**

CAB35 is big enough to accommodate every AV component for the most comprehensive home theater or stereo setup. Large rear wiring cutouts keep you well connected, and you can fit plenty of shelves and drawers - exactly where you want them.

This Pullout Cabinet is available with locking doors (CABDR35) or without doors (CAB35). As a stereo or A/V component cabinet, CAB35 is wide enough to accommodate two stacks of electronic components side by side.

**Alone or in configurations, CAB35 lives up to it's 35 inch height**

CAB35 is just the right height for a counter or a walk-up computer station. It lines up with one 20.5" and one 14.5" cabinet making it a valuable module for configurations.

CAB35 is equipped with a series of slats that accept our optional pullout or stationary shelves as well as mini drawers. You can mix and match these drawers and shelves to create just the solution you need. CAB35 lets you fit more shelves and drawers than any other cabinet, and they can be placed at just about any height you need.

**SPECIFICATIONS**

- Weight: 55 lbs (70 lbs with locking doors)
- Cabinet Dimension: 37.75" W x 35" H x 20" D
- Inside Dimension: 35.75" W x 33" H x 19" D
