

**A Pullout Cabinet As Versatile As Your Imagination**

This Pullout Cabinet is available with a door (FDCAB14) or without a door (CAB14). It is equipped with slats that accept optional pullout or stationary shelves as well as mini drawers. Pullout shelves create king sized keyboard and laptop stations, or AV shelves that make wiring a breeze. The rear wiring cutout keeps you connected. Sized like our two drawer cabinet (MC2D14) this cabinet is perfect in so many configurations. An optional lock for the flip door is available.

**SPECIFICATIONS**

Weight: 34 lbs (45 lbs as FDCAB14)  
 Cabinet Dim.: 37.75" W x 14.5" H x 20" D  
 CAB14 Inside : 35.75" W x 12.5" H x 19" D  
 FDCAB14 Inside : 35.75" W x 11.5" H x 19" D  
 Construction: 18 & 22 ga cold rolled steel  
 Finish: Baked on powder coat  
 Lock: Available as an option for FDCAB14

*Sliders snap onto slats in the cabinet. Shelves and drawers snap onto the sliders*

**FEATURES**

- Series of slats accepts shelves and mini drawers
- Large wire way cutout lets you stay connected
- Provides dust free space efficient storage
- Available with key lock for added safety and security

- Adjustable feet levelers provide stability and lift the cabinet off the floor. Levelers rest in dimples topside for positioning when stacking
- Includes hardware for connecting when stacking.

**MATCHING COMPONENTS**

CAB14 / FDCAB14 share the dimension of the cabinets shown to the right. This is useful when stacking cabinets in configurations that meet at a common height. See item page for details.
