

If bigger is better, this is our best Narrow Cabinet

This four drawer cabinet is the ultimate media cabinet where space is limited. It's 27 inch height and narrow width also makes it ideal as a desk pedestal. It holds 540 CDs in jewel boxes, 1,080 in slimline cases, over 2,000 in sleeves, or 240 DVDs or Blu-ray in standard movie packaging. This cabinet is an ideal base for future growth.

Its narrow width allows the cabinet to fit in small places yet it can be lined up with its standard size counterparts to reach virtually any width or space. Imagine all the possibilities with 6" deep drawers?

This configuration consists of a 4-drawer narrow cabinet (M4D27X24) above a narrow lateral filing cabinet (HF27X24) on metal legs (LEGSM).

Choose your side cabinets and design the ultimate desk. This desk consists of a 4-drawer narrow cabinet (M4D27X24) and a CH27X24 combination filing cabinet on 2" metal legs (LEGSM) with a metal desk top (MDTOP) and modesty panel (DESKMP)

Stack It With Confidence

M4D27X24 is the narrow version of MC4D27, and just like it's big brother, M4D27X24 is great alone, but it's even better when used in a configuration with other Can-Am modules.

SPECIFICATIONS

Weight: 78 lbs
 Cabinet Dimension: 23.5" W x 26.75" H x 20" D
 Inside Drawer: 20" W x 6" H x 18" D
 Weight Capacity: 60 lbs per drawer
 Construction: 18 & 22 ga cold rolled steel
 Finish: Baked on powder coat
 Lock: Standard (Cabinets can be ordered without locks)

FEATURES

- Safety interlocking drawers prevent tipping
- Key lock for added safety and security
- Heavy duty full-extension ball bearing Sliders
- Includes hardware for connecting when stacking

Safety and Practicality

The full extension sliders mean you have access to every inch of space - and to avoid tipping, the safety interlocking feature ensures only one drawer can be open at a time. And don't forget that a locked cabinet is a safer cabinet. All our drawer cabinets include a key lock for added security and peace of mind.

Cabinets are also keyed alike for your convenience. While a lock is standard on all drawer cabinets, they can be ordered without a lock if desired - just ask!

- Adjustable feet levelers provide stability and lift the cabinet off the floor. The levelers rest in dimples topside for positive positioning when stacking
- Provides dust-free space efficient storage
- Like all Can-Am cabinets, there is no assembly required.

CAPACITY: 540 CDs or 240 DVDs/Blu-ray in standard packaging. 1080 CDs in slimline cases. Over 2000 in paper or plastic sleeves.

MATCHING COMPONENTS

The M4D27X24 shares the dimension of the cabinets on the right. This is useful when lining up cabinets to reach a common height when creating configurations. It will also stack with other narrow width cabinets or line up with standard or narrow cabinets in the 27 series. See the item page for details.
