

Stack them with confidence. Three high delivers nine drawers of serious storage. That's over 2,400 CDs in just three feet. Almost 5,000 CDs in slimline cases!

They're not just for CDs and DVDs either - Imagine all the things you could put in six inch deep drawers. The full extension sliders mean you have access to every inch of space - and to avoid tipping, the safety interlocking feature ensures only one drawer can be open at a time.

MC3D20 is sized like a pullout CAB20 and the other 20.5" high cabinets, making it a valuable member of the modular family.

All our drawer cabinets include a key lock for added security and peace of mind. They are all keyed alike for your convenience. This cabinet can be ordered without locks.
