

TTOP40

**Metal Table Tops are available in 16 powder coat colors, to match or complement your cabinets.**

Our Metal Table Tops feature a one inch overhang on all sides, and are used with cabinets or stacks of cabinets placed back-to-back. Simply place the top over your cabinets for a snug fit that adds virtually no height to the setup.

Whether you are looking to create a coffee table with incredible storage opportunities, or the ultimate 'island' style setup, this is your top.

TTOP40 makes a great coffee table. Simply choose two cabinets, put them back to back, then put TTOP40 on them - no tools required! Perfect for your remote controls, magazines, wireless game controllers, photo albums, or anything else you need to store!

TTOP40

#### How About A Small Island?

This TTOP40 island top is only small compared to its big brother, the TTOP77, but if you stack four cabinets together with TTOP40 over them, you get huge capacity - 2700 CDs in this island (left)

Any Can-Am Modular Cabinet can be used as part of your coffee table or island - drawers, doors, hanging files, pullout cabinets - it's your choice.

#### The Ultimate Island Paradise

No, not Hawaii or Fiji - storage paradise! You don't need to stop at a low table top. Stack eight cabinets together with TTOP77 on top of them and you create the ultimate island-style storage solution, and you get more storage space than you can believe, and all in only 6-1/2 feet by 3-1/2 feet.
